

It is with great pleasure that I write to you to invite you to The 2013 PixArt New Product Exhibition at Computex from 4th to 8th June 2013 at Grand Hyatt Taipei, Taiwan.

The 2013 PixArt New Product Exhibition offers our latest innovation in Gesture Sensor that meets the global demands for Natural User Interface. With our strong core competency in imaging sensor technology, we will also showcase other developments for Natural User Interface such as capacitive touch, face recognition, remote controller and other exciting state of the art technology. In addition to that, we will be introducing our range of new products for the Navigation Sensors, like Wireless Gaming, Market's lowest power sensors for both Laser and LED wireless application, Track-On-Glass (TOG) and Optical Touch Mouse.

With this, we look forward to your participation to discuss and explore new exciting applications and create new business opportunities.

I look forward to hearing from you. Thank you.

Yours sincerely,

**Sen H. Huang**

President
